

## About One Simple Voice

One Simple Voice is an interfaith, non-profit ministry with the essential purpose of assisting people who desire to begin the transformation to a life of sacred wisdom, peace, love and union with God.

We offer ourselves to those in our communities who are feeling like something is missing from their lives. We show them their heart's path, and they find wholeness through experiencing God. The empty place inside of us cannot be filled by things or people, it is meant to be filled by God.

We recognize that a true spiritual teacher does not teach anything new but rather removes that which separates you from the truth of who you already are. By revealing inner depth of sacred-consciousness, peace can be found.

## The Interior Journey of Transformation

### CONTENT WILL INCLUDE:

#### ▶ #1 Sacred Transformation

##### Overview Beginning the Interior Journey

The Interior Journey is one of stillness, deep prayer and listening to God. This retreat speaks to how the journey of sacred transformation is seen throughout all of God's creation. Careful attention is given to beginning the journey, setting up the structure of prayer and journaling. Concepts such as truth, faith, the role of the mind and heart in prayer are discussed.

#### ▶ #2 The Two Worlds

##### The World You See and The World You Don't

A new reality unfolds when one opens to understanding the infinite nature of God and the true Self. Discussion of how the world we live in can keep us from the true realities of God – as we learn ways of becoming more conscious to God's presence in our world through the experience of Him. Is there a difference between the world of God and the world of Man? Is there a world of enlightenment? How does one find the Kingdom of Heaven?

#### ▶ #3 Facing Our Obstacles

##### The Obstacles of Fear and Loss

How does fear impact your interior journey? Are you fearful of God? Focus is given to the difference between false self and true Self, and the temptations of the ego/false self. Opportunity is created for introspection and reflection. Learn how to recognize fear as an obstacle to deepening your prayer. Learn how fear of loss impacts faith and experiencing God in your life.

#### ▶ #4 Listening to God

##### Learning to Listen to God's Voice

Beginning with a day of awareness of God in His myriad of forms, journaling and practice of prayer and reflection continues. Instructions are given to intensify listening to a depth where one can hear God's voice. The day will consist of practice, reflection and discussion to reinforce what one hears and to maintain unyielding faith.

#### ▶ #5 Embracing Change

##### Being the Change You Wish to See

Why do we resist change? How do we fulfill God's requests when As the journey continues, and the Voice of God becomes stronger to those who have begun the journey, how do we apply what is said to us and embrace purpose and meaning in our lives? How do we create the space for the changes that transformation by God brings to one's life? Lectures, discussions and time for deep prayer and listening is built into this day.

#### ▶ #6 Following God to Inner Peace My Will? Or God's Will?

With the wish to follow God's will and the passion this journey creates, one is able to apply this passion and God's will into serving Him. How does one deal with the conflicts that appear between the will of the mind and the will of God? Time is spent in reflection on the journey so far, and the positive changes listening to God has made in one's life. Time in deep prayer and listening is provided.
